OREGON HEALTH & SCIENCE UNIVERSITY NURSING PROGRAM AT EASTERN OREGON UNIVERSITY

In 1979 the Oregon Health & Science University (OHSU) School of Nursing established an undergraduate nursing program on the Eastern Oregon University (EOU) campus in La Grande, Oregon. The two institutions developed the program in response to the ongoing critical need for educating and retaining baccalaureate-prepared nurses in rural, underserved areas of eastern Oregon. On July 1, 1993 the Oregon University System (OUS) integrated all of the state's higher education nursing programs under the administration of OHSU.

Over the years, OHSU has grown to include five campuses; Ashland, Klamath Falls, La Grande, Monmouth, and Portland. The OHSU School of Nursing is an exemplary model that blends the delivery of comprehensive, preventive nursing care to rural Oregonians. The OHSU School of Nursing is housed in the EOU Science building. Technology such as video conferencing allows campuses to link to one another. The Clinical Simulation Skills Suite allows students to learn with lifelike SimMan mannequins in realistic clinical scenarios. OHSU nursing students attending on the La Grande campus have the benefit of EOU resources and facilities such as the Pierce Library, Bookstore, Fitness Center, and McKenzie Theatre.

The OHSU School of Nursing prepares students with the knowledge, skills, and clinical judgement to respond to dynamic and changing health care environments. Faculty integrate theory, practice, and research and are actively engaged in promoting the health and well being of local communities.

The OHSU School of Nursing undergraduate and master's programs are accredited by the Commission on Collegiate Nursing Education; the accrediting body of the American Association of Colleges of Nursing. The OHSU School of Nursing is accredited through the year 2013.
