Eastern Oregon University  
**Philosophy**

**PHILOSOPHY MINOR**

(See also Philosophy, Politics, and Economics. This minor is also available via the Division of Distance Education.)

**PROGRAM OBJECTIVES**

Philosophy is an important component of the liberal arts curriculum. It is not clear that there is any distinctly philosophical subject matter, but all the academic disciplines have questions that can be investigated philosophically. The aim of Philosophy at Eastern is two fold. The first goal is methodological: to develop a procedure for investigating abstract conceptual questions in a clear and productive manner. The second goal more directly concerns the liberal education; every intellectually well-rounded man or woman should have some familiarity with the questions, problems and theories that have preoccupied the great philosophical minds in our Western culture.

**LEARNING OUTCOMES**

- Students will gain familiarity with classic texts in the western philosophical tradition.
- Students will gain familiarity with the work of contemporary legal, philosophical, and social scientific scholarship, and its application to contemporary legal and policy issues.
- To gain familiarity with the American legal system.

**MEANS OF ASSESSMENT**

Philosophy minors are evaluated in a variety of ways. They complete with a grade of C- or better a core of at least thirty credits that cover the major areas of contemporary analytic philosophy. They are required to do substantial formal writing in virtually every course in the curriculum. Written work is evaluated in terms of recognized standards of formal academic writing, clarity, mastery of substantive

content, and philosophical insight and analysis.

**PROGRAMS**

The degree that is available with a concentration in philosophy is:  
**Bachelor of Arts or Bachelor of Science in Philosophy, Politics and Economics.** If you are interested in this degree program, you should consult your adviser.
