

MTE Extended Campus Cohort Groups

**Elementary (includes ECE and elementary) or
Secondary (includes Middle Level and High School)**

In both cohorts, classes are taught through a combination of on-campus classes in La Grande and web-based technology. On-campus classes are held during four sessions in fall term and four sessions in winter term. Each session is three days long and is usually scheduled on Wednesday, Thursday and Friday.

Placements are made throughout eastern and central Oregon in, or near, each student's home community, if possible. For specific details, please refer to the "Placement Request Form" contained in the MTE admission application packet.
