Re: Nominations for PINNACLE Honor Society

We are currently seeking nominations for PINNACLE, a national honor society that recognizes the accomplishments of non-traditional students. Each year, students who elect to join PINNACLE are honored during an induction ceremony held on graduation day. Outstanding juniors, seniors and graduate students are eligible to join.

Please take a few moments to read the "Standards for Membership" form before submitting the names of students who, in your judgment, qualify for honors recognition. Submit your nominations to:
