

PHIL 301
History of Philosophy
Spring Quarter 2007

Dr. Jeff Johnson

Week Three
Freud

Third paper

**Is Freudian theory
a scientific theory?**

If so, how?

If not, what is it?

**Mind/body
problem**

**Evolution/
creationism**

Freud

Some topics

Free will

A.I.

**Lots of
others**

**Epistemological
crisis**

**Selfish,
aggressive**

Sexual

**Diverse
Philosophical
Implications**

**Parapraxes,
dreams**

Religion

**Morality &
culture**

**My
examples**

**Cartesian
dualism**

Problems

Mind/body Problem

Materialism

**Mind/brain
problem**

**Freud's
materialism**

**Identity
theory**

Type-type

**Token-
token**

Materialism

Functionalism

**Eliminative
materialism**

**Other
responses**

**Psychological
explanation**

**State of
psychology &
neuroscience**

**Better in
our time?**

Autonomy

Thesis

Intentionality

**Freud as a
dualist?**

**Freud as a
materialist**

Consciousness

Unconscious

**Self-
knowledge**

Freudian Mind

**Clinical
treatment**

Parapraxes

Dreams

**Science &
philosophy**

**Logical
positivism**

**Deductive
nomological
model**

What is science?

**Karl
Popper**

Falsifiability

Corroboration

**Do all
sciences
meet these
criteria?**

**Set of
theories**

**Unconscious
hypothesis**

Psychoanalysis & Science

**Dream
hypothesis**

**Paranoia
hypothesis**

ITTBE

**Ineliminability
of intentional**

Unconscious

**Problems
for self
knowledge**

Flanagan's Conclusions

**Unreliability
of introspection**

**Need for
new
methods**

**Too
ambitious**
