

Fast Track Transfer

Welcome to the Co-Admission Program! Co-Admission provides flexibility in taking courses as you transition from Blue Mountain Community College (BMCC) to Eastern Oregon University (EOU). As a co-admitted student, you can register for all of your courses at EOU, all of your courses at BMCC, or take courses concurrently at both schools.

We value our relationship with BMCC and work hard to streamline student pathways. Feel free to contact us with questions. There are services available to co-admitted students as you transition from BMCC to EOU. Some require minimum enrollment and others require a student ID card. Make sure that you have student ID cards from both BMCC and EOU to access these services.

Quick FAQs

Advising and Transcripts

Q: How will I know what classes I should take?

A: All students new to BMCC must complete an online New Student Orientation session before enrolling in classes. If you were previously admitted and attended BMCC, advisors in your department can help you choose classes. To determine how your BMCC courses transfer to EOU, visit eou.edu/registrar/transfer. All students are encouraged to contact their BMCC and EOU advisors before each term. An EOU advisor is assigned to you upon admission and will help advise on classes based on your major.

Q: Do I need to take classes at EOU right away?

A: No. If you are attending BMCC, you have up to 16 terms before your admission at EOU is canceled. If you do not take a class at EOU during those 16 terms, you will need to reapply.

Q: Do I need to request and pay for transcripts each term?

A: No. Once you are admitted to the Co-Admission Program, one benefit is free transcripts sent from BMCC to EOU and from EOU to BMCC. At the end of each term that you take classes at BMCC, transcripts are sent to EOU free of charge. Taking additional credits at BMCC may also change your

placement in University Studies. Once your BMCC or EOU credits are evaluated, you are able to view them online at BMCC Wolfweb or EOU Webster. If you need your EOU record updated to meet prerequisites or class standing requirements, please e-mail registrar@eou.edu.

Financial Aid

Q: How does financial aid work if I am co-admitted?

A: One of the most popular benefits of co-admission is the ability to use financial aid to cover classes at both BMCC and EOU. Your financial aid is disbursed by one school per term. The school disbursing aid is considered your home school. The school not disbursing your financial aid is the host school. You must enroll in at least 6 credits at the school that is disbursing your financial aid.

If you are taking lower division courses at both EOU and BMCC, either school can administer aid.

EOU must disburse financial aid when taking upper division courses (300/400 level). EOU must disburse your financial aid when BMCC cannot administer financial aid for upper division courses. In this case, you must enroll in at least 6 credit hours at EOU.

Q: How are tuition and fees paid at my host school?

A: After tuition and fees are paid, remaining balances are disbursed to you. You are responsible for paying your bill at the host school. Tuition and fees depend upon each student's credit load. EOU can only provide financial aid for:

- Courses that are required for the degree pursued at EOU. Please consult your EOU advisor to confirm your BMCC courses are degree applicable.
- Developmental math courses (courses numbered below 100-level) such as MTH 70 and MTH 95. MTH 040 is not eligible for federal financial aid through EOU.

Q: Do I need to submit additional paperwork for financial aid to count the credits taken at my other institution?

A: Yes. Please visit bluecc.edu/enrollment-services/forms-and-information/student-forms and complete the Consortium Agreement Form. This form requires you meet with a BMCC advisor.

If EOU is disbursing aid and you want BMCC's credits to count toward your financial aid total credits, please submit a Consortial Agreement form available on the BMCC and EOU financial aid forms webpages. The form needs to show each term that you are co-enrolled. If you do not plan to co-enroll, do not submit the consortial form. If BMCC is disbursing your aid, contact the BMCC financial aid office to find out their process. Your financial aid is disbursed to you. You are responsible for paying your bill at the host institution.

Other Services

Q: I play a sport, can I join a team at my host or home school?

A: Yes. Contact the athletic department from your home or host school to discuss options and eligibility criteria.

Q: What other services am I eligible for?

A: Co-enrolled students have access to tutoring, library, and disability services at both campuses. Housing is also available at EOU.
