

EASTERN OREGON UNIVERSITY

NINETY-THIRD COMMENCEMENT CEREMONY

SATURDAY, JUNE SEVENTEENTH
TWO THOUSAND TWENTY THREE

Eastern Oregon University presents the:

NINETY-THIRD COMMENCEMENT

Hail, Eastern Oregon

Words and music by John McKinnon, 2001

Hail, Eastern Oregon
Pride of the Blue and Gold
We stand before your majesty
With friends both new and old
You shine upon the hillside
A beacon where'er we roam
Forever in our hearts and minds
Your mountains call us home
Hail Mountaineers, we sing to thee
Our voices rise in harmony
Send forth a cheer from East to West
Of loyal truths, and truths request
In your unfading beauty
We seek to keep you strong
We praise these halls of learning
Our Eastern Oregon

Name History

Eastern Oregon University was founded in 1929 by the state legislature as Eastern Oregon Normal School. In 1939 the name of the school was changed to Eastern Oregon College of Education which became, two years later, a four-year degree-granting institution. The name of the school was changed to Eastern Oregon College in 1956 and to Eastern Oregon State College in 1973. The most recent name change, Eastern Oregon University, occurred on April 1, 1997 when Governor John Kitzhaber signed House Bill 2364 at a ceremony in the Governor's office at the Capitol in Salem.

Academic Costumes and Regalia

Academic costumes of today have a history of nearly 800 years. In Medieval Europe men and women typically wore robes or gowns. Gradually there developed distinctive gowns for various professions, trades and religious orders. The dress worn by faculty and graduates during academic ceremonies is based upon costumes used in fourteenth and fifteenth century universities, particularly Oxford and Cambridge universities in England. The academic costume became distinctive for Bachelor of Arts, Masters of Arts and Doctors.

Most of the distinctive characteristics appeared in the hood, which was originally a practical element of dress, but which evolved into a separate and purely ornamental article, draped over the shoulder and down the back. The academic cap was a later development. It was first conferred as a symbol of the Masters of Arts degree. Some of these Master's caps were stiff, some soft, some square, some round with a tuft in the center. Today's tassel is an elaboration of the tuft. Although round caps are still used at some universities, Oxford University's "mortar board" style is more common.

The variety of styles and colors seen in a faculty procession reflects the fact that each university retains its own distinguishing customs as especially revealed by the design of its doctoral robes. When a university is granted the right to confer doctoral degrees, one of the privileges that accompanies that right is the opportunity to design unique and distinctive regalia for its graduates.
