The Department of Education recognizes that a homeless youth who would otherwise be considered dependent when applying for financial aid, is independent if s/he meets certain criteria. In order to verify your assertion that you should be deemed independent, you will need to provide proof that you meet the legal definition.

**If granted, this homeless designation is only valid for this academic year.**

#### Housing Definitions

**"Fixed"** means stationary, permanent, and not subject to change.

**"Regular"** means used on a predictable, routine, or consistent basis.

**"Adequate"** means sufficient for meeting both the physical and psychological needs typically met in the home.

#### Homeless Youth Definitions

**"At risk of being homeless"** is when a student's housing ceases to be fixed, regular, and adequate. For example, a student who is being evicted and has been unable to find fixed, regular, and adequate housing is at risk of being homeless.

**"Homeless"** means lacking fixed, regular and adequate housing. You may be homeless if you are living in shelters, parks, motels, hotels, public spaces, camping grounds, cars, abandoned buildings, or temporarily living with other people because you have nowhere else to go. Also, if you are living in any of these situations and fleeing an abusive parent, you may be considered homeless even if your parent would otherwise provide a place to live.

**"Unaccompanied"** means you are not living in the physical custody of your parent or guardian.

**"Self-supporting"** is when a student pays for his own living expenses, including fixed, regular and adequate housing.

AVG Ch. 5
