

More Banner Helpful Tips:

Any letter in a date box will give you today's date.

Any number in a date box will give you that days date for the current month.

Example: 5 will give you 05-JUL-2016, 20 will give you 20-JUL-2016

How many characters can I use in that field?

Ever go to create a code or enter a description and think "how long can that be?"

– Just go to HELP > HELP (Item Properties):

I wish the edit box was big enough for me to see everything I typed!

Certain edit boxes in Banner are not large enough to see the entire field. When this happens select Edit > Edit:

Conclusion	Start Date	End Date	Reason
00 No Phonathon Calls	16-AUG-2010		C. Dithers gets annoyed with family and friend phone calls
3Y Inactive	29-OCT-2004		
6Y Purged-No Mailings	06-FEB-2002		
NEM No Email Mail			
NES No Email solicitations			
NPS No Postal Solicitations			

I'm having a problem with a Banner form & IT wants to know what table the form uses...how would I know?

Go to HELP > DYNAMIC HELP QUERY Table name and field name are listed. Approp is the table, prtp_code is the field
