Electives

As required to bring the total credits to 45. Course must be from the Arts & Letters, Social Science, or Science/Math/Computer Science subject areas.

Notes: Each course must be completed with a grade of "C-" or better. Students must have a minimum cumulative GPA of 2.00 at the time the module is posted. Courses that are designed to prepare students for college-level work are not applicable to the transfer module. All Oregon community colleges and Oregon public universities institutions will offer students the opportunity to complete an Oregon Transfer Module and the OTM designation will be posted on the transcript by the issuing institution upon request. Regionally accredited private colleges and universities within the state are also welcome to offer and issue Transfer Modules, which will be accepted at any Oregon public college or university. Oregon Transfer Module credits may not match program requirements in the receiving school. The OTM supplements, but does not supplant existing articulation agreements and does not replace effective advising.
