Post-Baccalaureate Information

Post-baccalaureate Student Classification

A holder of an accredited baccalaureate degree who has not been admitted to a graduate degree program and who submits an official application of admission to pursue a second baccalaureate degree or enroll in coursework not to be used for graduate credit will be called a post-baccalaureate student. Post-baccalaureate students will be assessed tuition based on the courses taken, undergraduate courses will be assessed tuition at undergraduate rates and graduate courses will be assessed tuition at graduate rates.

Post-baccalaureate students who would like to be reviewed for financial aid eligibility need to fill out the form for review of eligibility. If a post-baccalaureate student is eligible for financial aid that students' status will be updated to post-baccalaureate FA eligible.

Baccalaureate degree holders who are admitted to post-baccalaureate status at undergraduate tuition rates are precluded from claiming graduate credit for graduate hours taken while in that status.

Students who have been admitted to a graduate program may apply as a post-baccalaureate student only if the graduate degree has been awarded or if the student has been dropped from the degree program by the institution, or upon a request approved by the dean of the graduate school for voluntary relinquishment of graduate status.

Graduate Student Definition
