Information Regarding the Occurrence of **Student Health Concerns** (e.g., infectious disease)

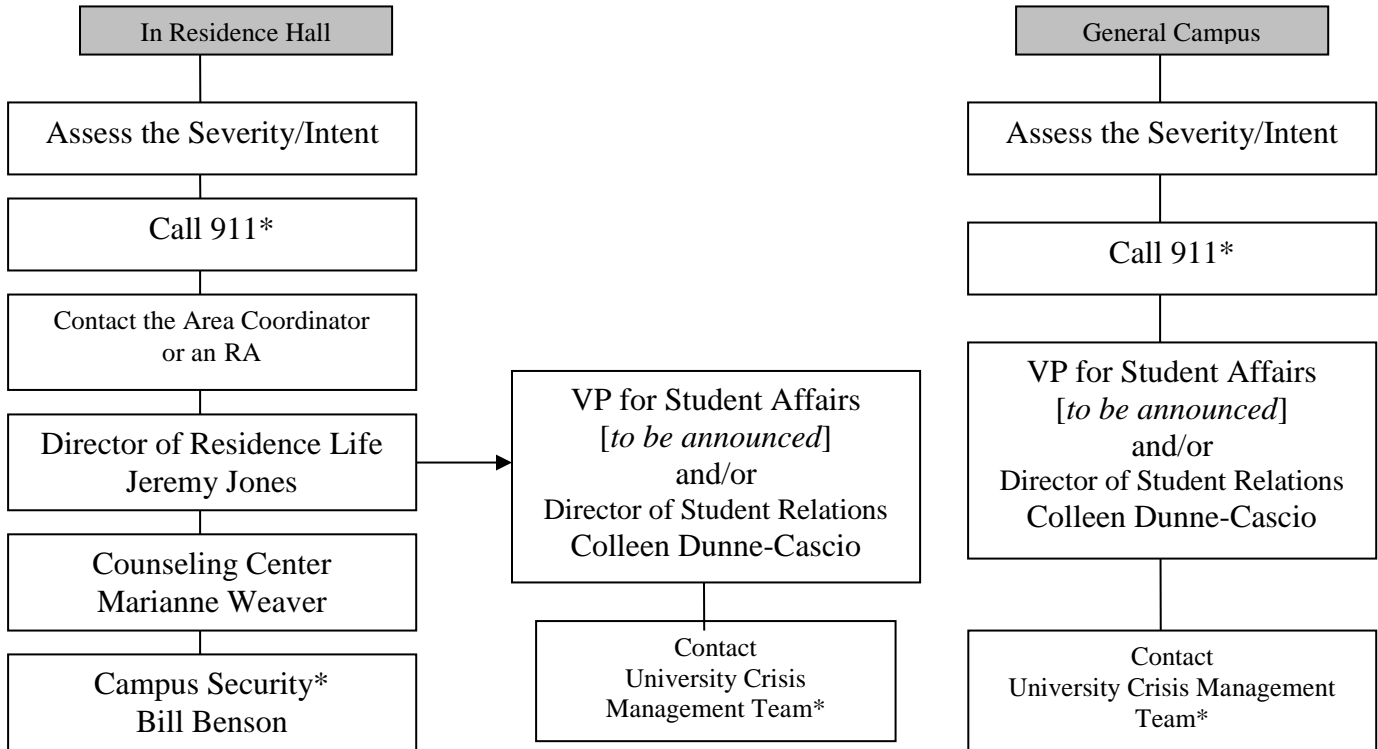

* contact as appropriate

NOTE: If you are made aware of or come across blood, vomit, excrement, urine, semen, or other bodily fluids 1) secure the area to make sure that the fluids will not come into contact with people, and 2) DO NOT touch or attempt to clean up the fluids yourself.

Information Regarding the Occurrence of **Student Attempted Suicide**

* contact as appropriate

If an attempt is in progress – after contacting 911, attempt to “talk the person down” until Police arrive.
Things to ascertain:
 Does the individual have a plan or timeline?
 Do they have the means (pills, weapon, etc.) to go through with the plan?
