2012 5th Annual Student Leadership Conference
April 14th
Badgley Hall
Check-in @ 8:30am
What is SLC?
A professional conference that offers multiple workshops, awesome speakers, lunch and much more! A FREE t-shirt will be provided to the first 100 EOU registrants who attend the conference.

Why Attend?
- Develop leadership skills, teamwork, and communication.
- Meet other student leaders.
- Pursue a goal you’re passionate about.
- Cultivate and develop the leadership potential that exists in you!

Featuring Keynote Speaker:
Steve Wallace
Friday, April 13 @7pm
Free and open to public

Come celebrate our commitment to effective leadership and a brighter future!

What Happened in 2011?
Here are some of the workshops that were presented last year:

Student Government Rock:
What the heck is RSEQU? Come watch some Schoolhouse Rock and learn about your student government at EOU! Learn how you can become a leader on campus and make a difference!

Social Networking Much?
Want to learn how to make excellent first impressions? This workshop will explore easy and effective ways to meet new people and develop the skills to make a lasting impression. You will laugh, smile and gain some knowledge.

Titans of Leadership
An interactive way of showing how one can use leadership to break-down cliques and build unity...how to make an investment in leadership and what motivates one to lead and/or not lead...how leadership can establish group chemistry and camaraderie. This workshop will give insight into the theories, philosophies and methods for developing leadership, even when leadership seems unlikely (it still will go on).

Ethical Leadership
How to make the show go on with ethical leadership. This workshop will allow students to define their own ethics, as well as organizational ethics, as it pertains to clubs, organizations, and/or places of business. We will be addressing ethical dilemma scenarios and brainstorming game plans for handling ethical decisions when they occur.

Sue’s Corner: Gleadership
This session will examine leadership styles and traits in correlation to the television show, “Glee” and allow participants to identify their inner Gleek. We will explore leadership by identifying traits exemplified in the characters on the show as well as identifying how various personalities can either execute a solo performance, a duet or mashup based on collaboration and teamwork.

And more!

“Effective leadership is not about making speeches or being liked; leadership is defined by results not attributes.”
-Peter Drucker
